

Ocean Grove Primary School

Coastcare Environment Day 2018

On a beautiful spring day, 80 students from Ocean Grove PS joined representatives from Barwon Coast, Ocean Grove Coastcare and Bellarine Catchment Network to celebrate their local coastline. This is the fourth year that BCN have engaged with Ocean Grove PS making the total number of students engaged being around 600 so far.

Students rotated through 4 activities: A Hooded Plover awareness game, a beachcombing activity, revegetation of indigenous plants and a fauna talk.

A big thank you to Margot Busch from Ocean Grove Coastcare for volunteering her time to interact and engage with the students.
