

Coastal and Inland Plants of the Bellarine Peninsula

The much loved 'Coastal' and 'Inland Plants of the Bellarine Peninsula' booklets have recently been updated and reprinted by the Bellarine Catchment Network and are now available at various locations.

Discover and appreciate some of the different plant communities that naturally grow on the Bellarine Peninsula, using these two pocket-sized, full-colour booklets. Each booklet features a vegetation map for the Bellarine Peninsula, detailed photographs, and plant notes for a total of 105 common plant species that occur on the Bellarine.

The two flora booklets can be downloaded from our website as a high resolution PDF ([click here](#)) or physical copies can be collected from the below locations or at BCN events and activities.

Local pick up locations on the Bellarine. Please check each for their opening times as some have selective hours.

- Ocean Grove Library - Presidents Ave, Ocean Grove
- Portarlington Community Information Booth - Newcomb Street, Portarlington
- Queenscliff Visitor Information Centre - 18 Hesse Street, Queenscliff
- Queenscliff Indigenous Community Nursery - 79 Nelson Road, Point Lonsdale
- SpringDale Neighbourhood Centre - 17-21 High St, Drysdale

The reprint of these flora booklets was supported by Bellarine Landcare Group, Coastcare Victoria and the Victorian Government.
