

St Aloysius Primary School Environment Day Report

Thursday the 2nd of August 2018

St Aloysius Primary School and Bellarine Catchment Network were welcomed by a sunny winters day at the foreshore of Swan Bay. Students, teachers and parents enjoyed a morning of planting, propagation and learning about their local ecosystem, *Coastal Moonah Woodland*.

St Aloysius students learning about what makes a healthy Coastal Moonah Woodland (left) and revegetating the woodland by planting indigenous species (right).

Groups	Activities	Figures
-St Aloysius Primary School Students, Teachers and Parents	<ul style="list-style-type: none"> • Propagation of indigenous plants • Revegetation of coastal woodland • Ecosystem talk and activity 	<ul style="list-style-type: none"> • 45 Students • 3 Teachers • 2 BCN Staff • 2 Parent helpers • 200 plants planted • 300 plants propagated
